Your heart works night and day without a pause. It is the principal prant of the circulation of your blood. It is of the utmost importance that it should do its work well. The quality and quantity of your blood have much to do with its action, If this fluid is ture and abundant, your heart and other yial organs act with more energy than when it is defective in quality or

than when it is defective in quality or deficient in quantity. Hood's Sarsaparilla makes the blood

than when it is defective in quality or deficient in quantity.

Hood's Sarsaparilla makes the blood fure and abundant. It is the one old reliable medicine, that has been sold for forty Years, for purifying the blood. There is no better blood remedy, appetizer, stomach tonic. It embodies the careful training, experience and skill of Mr. Hood, a pharmacist for fifty years, in its quality and power to cure.

stones at high tide. But the high tide has a very important part to play When the tide is out, the grindstone men do their work. They harness up he great stones and chain them to immense flat boats. Then the tide when it comes back lifts the great targes, and they in turn lift the stones. There is no power like that of the rising tide. It suggests the measureless strength of omnipotent God. In

There is no power like that of the line of the line of this fragrant, antiseptic cream into your nostriks and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ahl how good it feels. Your nostriks are open, your head is clear, no more hawking, snuffling, blowing; no more hawking, snuffling the patting throw each. After he does this that seed into a great harvest. The sailor spreads his canvas, but god's that seed into a great harvest. The sailor spreads his canvas, but god's cover presents a busy appearance theosy sing in the soughests the measure there is no power like that of the found and in the cove preparing for the confing in the soughests the measure there is no power like that of the hard of the cove presents a busy appearance through in the cove mand and they oblight and then turned the job. In the cove preparing for the confing in the sail all all they could, and then turned the job. In the cove preparing for the confing in the sail all all they could, and then turned the job. In the cove preparing for the could all the yould, and then turned the job. In the cove preparing for the could all they could, and then turned the job. In the cove preparing for the could all they could, and then turned the job. In the cove part the cove preparing for the could all

And we need the power that only He can give; for there is harder work than raising grindstones from the bed of the Bay of Fundy. It is very hard, at times, to do what is right, there are so many evil things pulling us away. We need more resistance than we are able to offer to the powers of sin, But there is one who has lifted us and who ALSO DEVELOP AND PRINT

WAR IN THE BALKANS. Have Appealed to the Mother Church of Russia for Protection.

Karyes, Chalcidic Peninsula, Macedonia, March 28.—The monits of Mt. Athos have appealed to the Holy Moth or Church of Russia for protection. In the control of the control of the control of the service of the control of the service of the control of the control of the service of the secular head of the control of the service of the control of the secular head of the service of the control of the service of the secular head of the service of the control of the service of the secular head of the service of the service of the secular head of the servic donia, March 28.—The monks of Mt. Athos have appealed to the Holy Mothlegates of Mt. Athos come to their next friend and protector. So they went as best they could to his representative, dressed in their ample, flowing robes, their pot hats like outworn "tiles" turned upside down, and their uncut hair and patriarchial beards. And the Russian Minister received them, gave them food and drink in his expusite palace in Athens in return for gave them food and drink in his exquisite palace in Athens in return for their bread and salt, and treating them with great respect, assured them their case would be put before the Emperor himself, and that a contingent of Russian marines would be sent to guard the peninsula if they had to come all the way from Archangel to get there. He told them not to fear, for the Bulgarians, too, are of the Greek Church and themselves have a convent all of their own on Mt. Athos; and it was scarcely conceivable that even the least scrupulous of Bulgarian "komistadijis" or bandits should lay hostile hands upon the holy things of the Church.

But what has bothered the monks of

Mt. Athos has not been the Bulgarians,
The monks in a vague sort of way
know that their treasures of golden
An effective laxative remedy that is anow that their treasures of golden images, brilliant studded altar utensils, manuscripts centuries and centuries old, are sufficient to tempt almost any man. They fear, not perhaps an organization of the employed. An effective laxative remedy that is very dependable, and which does not gripe or otherwise disturb the organs involved, is found in a combination of the employed. man. They fear, not perhaps an or-ganized attack, but a raid against which which their hired guard of fifty which which their hired guard of fifty soldiers would be helpless. So a second deputation has just been dispatched to Athens, and some of the more precious of their sacred possessions—their bits of the true cross, their saintly momentoes of the hely founders of the various convents, around which shrine after shrine has been built through the ages—have been placed in

whole world is convent-crowned Mt. Athos. The Chalcidle pninsula, stretched south into the Asgean Sea like three fingers of a great hand, has the mountain itself as the nail on the easternmost finger. But the mountain is merely a sort of lofty marble-white and oaken-green landmark, on the garlanded sides of which are hundreds of shrines and huts of individual anchorites. The whole peninsula itself is the garden ground of twenty convents, most of them either at the water's advance of the method of the encommon tongue among the Second convent beyond the Peninsula not the service is celebrated in Greek instead of the ancient Slavonic which seems to be the common tongue among the Second convent beyond the Peninsula not them.

The second convent beyond the Peninsula is the service is celebrated in Greek instead of the ancient Slavonic which seems to be the common tongue among the Second convent beyond the Peninsula not the stringent probabilities for them.

mperial Russian Legation at Athens.

Certainiy one of the most extraor-linary and beautiful sights of the rebuilt comparatively recently—by the linary and beautiful sights of the rebuilt comparatively recently—by the There are some six thousand monks whole world is convent-crowned Mt. Empress Catherine I. of Russia.

Mersick Water Supply System

The MERSICK WATER SYSTEM will supply you with an abundance of water for kitchen, bathroom, laundry, garden and stockyards. If you are not situated on the line of the public water supply, you have no idea what a labor-saving, comfort-giving convenience, one of these systems would prove. The Outfit shown above consists of a geared power pump connected to a 2 H. P. Gasoline Engine having a suction lift up to 25 feet. Capacity, 40 gallons per minute. The pump gear can be thrown out by an eccentric bearing, permitting use of the engine for other purposes. A very satisfactory equipment for country homes.

THE C. S. MERSICK & CO.
